**PACKED MURDERER**  
**AWAY IN A BOX**

A vegetable Chinaman, one of the well-known morning fruit and vegetable peddlers, is telling a story, with much glee, of the alleged escape of a fellow countryman from the clutches of the police. He states that the Chinese is a murderer and that he has for some time been hiding from the police, his friends finally getting him aboard a steamship bound for the Orient.

That no arrest might be made at the last moment, the supposed murderer's friends put him in a box, in which holes for the admission of air had been bored, and shipped him as freight.

If there is any truth in the story it will go hard with the Chinese presumed to be escaping. If it is discovered that he is not freight he will be treated as a stowaway and if his box is not suspected he will likely suffocate among a lot of other freight.

Perhaps, however, his thoughtful friends arranged with Chinese aboard to stow him away and feed him. There is also the possibility that the vegetable-vender who is telling the story has hit on the idea of being entertained as a means of advertisement and, by telling the story, sells two heads of lettuce where before he sold but one.

**DR. MURRAY'S BROTHER**  
**RECEIVES PROMOTION**

Dr. H. V. Murray of Honolulu has received word in a Halifax, N. S., paper that his brother, Professor D. A. Murray, has been called from the chair of mathematics in Dalhousie university to that of applied mathematics at McGill university, Montreal. After a distinguished career as undergraduate at Dalhousie, Murray spent two years as tutor in mathematics there. Then he went to Johns Hopkins university, where he successfully took the degrees of Scholar, Fellow and Doctor. For four years he was associate professor in the university of the city of New York and from there went to Cornell university, where he was a member of the mathematical staff until his appointment to Dalhousie in 1901. Professor Murray is the author of a series of textbooks of mathematics for college use which are very widely adopted by leading universities in the United States, Great Britain and Canada. The little Bluehouse university, Dalhousie, seems to be a regular nursery of college professors. Within twenty years it has given President Schuman to Cornell and professors to several universities on both sides of the Atlantic.

The reasons stated in Charlack's petition that the boy in question is his legally-adopted son, over whom Sims has no rights of guardianship and over whom guardianship was granted without the knowledge or consent of the petitioner.

**Hair 55 Inches Long**  
**Grown by Cuticura.**

MISS B—, of L—, sends us through our British Agents, Messrs. F. Newbery &amp; Sons, 27 and 28, Charterhouse Square, London, E. C., a strand of soft, glossy hair cut from her own head and measuring fifty-five inches in length, of which the annexed drawing is a photographic fac-simile. She attributes her magnificent head of hair to frequent shampoos with CUTICURA Soap, followed by light dressings of CUTICURA gently rubbed into the scalp. Previous to the use of CUTICURA, her hair was dry, thin, and lifeless, and came out in handfuls to such an extent that she feared she would lose soon it.

This is but one of many remarkable cases of the preservation and restoration of the hair in seemingly hopeless cases by warm shampoos with CUTICURA Soap, followed by light dressings of CUTICURA, the purest of emollient skin cures. This treatment at once stops falling hair, clears the scalp of crusts, scales, and dandruff, soothes irritated, itching surfaces, stimulates the hair follicles, supplies the roots with energy and nourishment, and makes the hair grow on a clean, sweet, healthy scalp, when all else fails.

MILLIONS OF WOMEN use CUTICURA Soap exclusively for preserving, purifying, and beautifying the skin, for cleansing the scalp of crusts, scales, and dandruff, and the stopping of falling hair, for softening, whitening, and soothing red, rough, and sore hands, and for all the purposes of the toilet, bath, and nursery.

**Complete External and Internal Treatment for Eczema Humour.**

Consisting of CUTICURA Soap, to cleanse the skin of crusts and scales and soften the thickened cuticle, CUTICURA Ointment, to instantly allay itching, inflammation, and irritation, and soothe and heal, and CUTICURA Resolvent, to cool and cleanse the blood. A SINGLE SET is often sufficient to cure the most torturing, disfiguring, and humiliating skin, scalp, and blood humours, with loss of hair, when all else fails. Sold throughout the world. Adm. **HOLDS ITS OWN**

Oahu prison maintains its reputation for holding its prisoners or capturing them if they manage to escape. Yesterday Juan de la Cruz, Porto Rican burglar, who dug his way out of jail a couple of weeks ago, was captured by High Sheriff Henry near the Kinau wharf about the time of the departure of the Hilo liner for Hawaii. The police had been looking for Juan and it was believed that he would attempt to get away yesterday on one of the island boats. All the wharves were watched. High Sheriff Henry drove to the Kinau wharf in his buggy and it was suggested to him that the escape, if he was on the wharf, might recognize the buggy and take the alarm. Henry then drove up the street and ran right into his man. Juan was placed under arrest and returned to jail. He has been in the country between Waialua and Honolulu and it was his intention to get to Mahukona. There have been a number of men escape from Oahu prison but they have always been retaken. Sometimes a prisoner gets away and is recaptured without the public ever knowing that he has escaped. Henry's battle is not easy to escape from and as yet no man has escaped from it for good.

**BEFORE HE SAILED**

SAN FRANCISCO, August 11.—United States Attorney Devlin yesterday received a cablegram from Secretary Straus, head of the Department of Commerce and Labor, who is at Honolulu, requesting that he ask the Treasury Department to remit the fine of \$1000 imposed on the Occidental and Oriental Steamship Company for violating the coastwise laws in bringing Secretary Straus and his party from Honolulu to this port on the steamer Asia.

The Asia is a British steamer and is not allowed to carry passengers from one American port to another. She left Honolulu Friday. It will be some time before an American vessel will leave there for this port and as the Secretary was anxious to get here as soon as possible with his party of four others, he took passage on the Asia. In all such cases the steamship company collects the amount of the fine in advance and \$1000 had to be deposited with the regular fares. It is a common thing to have the fines remitted by the Washington officials if the parties have sufficient influence. When Commissioner of Immigration Sargent returned from Honolulu a few months ago he came on a Japanese steamer.

**LOST AT SEA.**

SAN FRANCISCO, August 11.—J. Brooks, a waiter on the steamer Enterprise, was drowned today while being carried on board the vessel by a fireman. Both the waiter and the fireman were under the influence of liquor. Brooks was helplessly drunk. The fireman attempted to carry Brooks up the gangway when he lost his balance and toppled headlong with his burden into the bay.

Knute Keiglund, a sailor on the schooner W. H. Marston, was lost overboard at sea on the 16th of July and when the vessel entered port today her flag was flying at halfmast. The W. H. Marston arrived with a cargo of sugar from Honolulu. Keiglund was a Scandinavian thirty-three years of age. He was engaged in stowing away the jib when he was knocked off the jibboom by the flapping sail. A boat was immediately lowered and for two hours cruised around the spot where the sailor disappeared. The search proved unavailing and the schooner was compelled to proceed on her voyage.

An embalmers' contest has been arranged by the California funeral directors' association.
